

Asbestos / ODS / RN Declaration of Conformity

Dear concerned parties,

This certificate is to inform that the connectors and components produced by NEUTRIK AG as well as the packaging material do not intentionally contain any Asbestos, Ozone Depleting Substances (ODS) or Radionuclide (RN).

NEUTRIK AG is committed providing safe, high quality products for our concerned parties. We have worked with our suppliers, testing laboratories and our supply chain partners to ensure the purchase of raw materials that meet current material compliance standards.

We appreciate the great support we got from all international involved employees.

Sincerely,

Schaan, 5th November 2020

NEUTRIK AG
